Meaningful, Thoughtful Design

Optique Nano Linear LED Lighting Fixtures

It's all in the details. Meticulously designed and built from the ground up, Optique architectural Nano Linear LED solutions have been thoughtfully crafted with innovative, patented features, guaranteeing quality performance and construction.

From the hidden mounting hardware and the precision metal end caps with countersunk hardware to grommets preventing light leaks, Optique luminaires provide a clean, minimalist look to seamlessly integrate into distinctive architecture.

Optique Nano Linear lighting solutions offer endless customizable options to easily adapt to project specifications, making your creative vision an easy reality.

Angolo Fixture, Under-Bar Lighting
Modern Restaurant Bar
